

PRESS RELEASE

Teufel

Turn up the volume on your adventures Teufel's ROCKSTER GO 2 goes wherever you go

Rugged design, long-lasting battery, and advanced waterproofing make the ROCKSTER GO 2 into the ultimate adventure speaker

Berlin, February 1st, 2024 – With IP67-rated water- and dust-proofing, users can feel comfortable taking the ROCKSTER GO 2 out in pouring rain, or even into the pool. The battery can last over 15 hours at medium volume, and even up to 28 hours in energy-saver mode. The practical, flexible carrying strap and 1/4 inch thread make it easy to place the ROCKSTER GO

2 almost anywhere.

Quick facts:

- compact Bluetooth stereo speaker with punchy sound for all occasions
- IP67 rated for impressive resistance to dust and water, even allowing brief dunks underwater
- rugged rubber-coated design to protect against impacts
- high-capacity battery that can run for over 15 hours, energy-saver mode for playtimes over 28 hours at medium volume
- two full-range aluminum drivers and one passive bass radiator for punchy stereo sound
- Dynamic Bass to optimize low-range performance at any volume
- Dynamore technology puts expanded stereo soundstage just a button press away
- Bluetooth with AAC, Google Fast Pair support
- Party Link: pair two ROCKSTER GO 2s to form a stereo pair, or up to 100 in a speaker chain for serious volume
- Integrated sound card for computer audio via USB-C cable
- practical, flexible carrying strap and 1/4 inch thread for a wide range of stands and mounts
- large, high-visibility buttons; LED battery display
- available now in three colorways: Gray & Black, Black & Red, and Night Black at a price of 149.99 Euros from the [Teufel Webshop](#) as well as all [Teufel Stores](#)

Big sound, powerful battery, tough case

The ROCKSTER GO 2 comes outfitted with everything a true adventurer needs - performance, stamina, and hardiness. Its rugged rubber-coated design houses two full-range drivers for true stereo sound. The striking passive bass radiator on the front lies down a solid bass foundation. Teufel's signature Dynamore technology can be activated with the push of a button, creating an unmistakably expanded stereo image.

With full charge, the battery can play for up to 15 hours at medium volumes. With energy saver mode, playtimes can reach as high as 28 hours under the same conditions. The side USB-C port provides the ROCKSTER GO 2 with fast charging.

The previous model had a rubber cap over the charging port to protect it from water, but the ROCKSTER GO 2 makes this unnecessary. Rated IP67 for dust- and water-proofing, it will keep playing in pouring rain or even if it falls in the pool. Sometimes, adventure means getting a bit dirty. Good thing the ROCKSTER GO 2 can just be rinsed off under the tap when you get home.

Smart functionality

Two ROCKSTER GO 2s can be set into Party Link mode for stereo playback. What more could you want? Maybe 100 of them? Because Party Link mode actually allows Bluetooth chains of up to 100 speakers. The ROCKSTER GO 2 comes with a practical, flexible strap that makes it easy to carry with one hand or to attach to backpacks or other accessories. And it also has an inconspicuous 1/4 inch thread on the bottom that can accommodate many modern stands such as those for action cameras, making the placement options limited only by your imagination. You can find stands online for any situation life might throw your way.

Available now in three colorways

In addition to the classic Black & Red, the ROCKSTER GO 2 comes in new stylish Gray & Black as well as Night Black for those who find gray a bit too flashy. The ROCKSTER GO 2 is available now at a price of 149.99 Euros in the [Teufel Webshop](#) as well as every [Teufel Store](#).
