#### Minimalist Stereo Set

The ULTIMA 25 ACTIVE provides studio-quality stereo sound in almost all settings. These speakers are amazingly well suited as a minimalist stereo set, which can receive sound via Bluetooth, wired voice assistant, or record player with preamp. It doesn't need external devices though, because the ULTIMA 25 ACTIVE comes equipped with FM and DAB+ radio receiver. Switch to your favorite station with the press of a preset button. Save up to six stations per radio format.

#### Upgrade-Ready TV Entertainer

With HDMI connection, the ULTIMA 25 ACTIVE look amazing on the left and right of your TV set, are easy to connect to a TV, and the volume can be adjusted with your TV remote. What more could you want? More bass? Or perhaps true Surround Sound? The ULTIMA 25 ACTIVE also connect wirelessly with Teufel's EFFEKT 2 and EFFEKT rear speakers, as well as many subwoofers. That way, you can turn them into a true high performance 4.0 or 4.1 system without cluttering your listening space with cables.

#### Desktop Hero

The ULTIMA 25 ACTIVE also bring their very own soundcard to the party, so they're equally at home on your desk to provide an audio boost to your PC or Mac. The ULTIMA 25 ACTIVE can be connected using USB-C and recognized as an audio device.

#### Legendary Sound

As part of Teufel's legendary ULTIMA speaker series, the ULTIMA 25 ACTIVE provide authentic, high-powered sound. With classic 2-way bass reflex construction, the 1-inch tweeter and 6.5 inch

midwoofer come into play. High efficiency class-D amplifier delivers 100 Watt RMS total performance (2x 50 Watt).

### **Intuitive Controls**

The ULTIMA 25 ACTIVE have interface buttons directly on the active speaker, and can also be controlled with the included remote control, or connected devices. On the top of the active speaker, you'll find a touch-sensitive strip for volume control as well as three buttons. The buttons control music playback (track skip, play, and pause). Additional buttons above the display serve to select inputs and favorite radio stations. In addition to these common functions, the remote has even more options such as station search and preset button management. It can also be used to regulate the display brightness. When the ULTIMA 25 ACTIVE are connected to an external player - by HDMI to a TV for example, or using AUX to a voice assistant - they turn on automatically when they recognize a signal.
