## Original packaging

If you wish to exercise your eight-week right of return, we ask that you be absolutely sure to hold onto the packaging. We can only accept product returns with the ORIGINAL PACKAGING.

Empty boxes are not available!

## Complaints

In case of a complaint we will need the following information to process your enquiry:

### 1. Invoice number

Can be found on the sales slip (enclosed with the product) or on the order confirmation received as a PDF document, e.g. 4322543

### 2. Serial number or batch number

Located on the back of the device, e.g. serial no.: UL 04007480121A

Thank you for your support!

## Protecting the environment

### Old devices must not be disposed of with household waste!

If the device is no longer operational, every consumer is required by law to dispose of used devices separately from household waste, e.g. at a collection point run by the communal authority/borough. This ensures that old devices are recycled in a professional manner and also rules out negative consequences for the environment.

For this reason, electrical equipment is labelled with the displayed symbol.

## Package Contents

- 1× headphones “REAL PURE”
- 1× connector cord with two 3.5 mm jack plugs, 1.3 m long
- 1× storage box

## For Your Safety

### Please read

Before you use the headphones, please first carefully read through the safety notes and the user manual. Only in this way can you ensure that all functions are used in a safe and reliable manner.

Store the user manual in a safe place and also be sure to pass it on to any subsequent owner.

### Proper use

The “REAL PURE” headphones serve to play back audio signals transmitted by an audio system via the enclosed cable.

Only use the headphones as described in this user manual. Any other use will be deemed as not in accordance with the instructions and may lead to damage of property or even persons.

The manufacturer accepts no liability for damage caused by improper use.

The headphones are suitable for use at home, by DJs and professionals.

## Safety notes

### **Danger of suffocation for children!**

Make sure that children do not play with the packaging foil, do not pull small parts off of the headphones and put them in their mouth. There is a danger of suffocation.

### **Extended listening at high volumes may lead to hearing loss.**

To avoid damage to health, avoid extended listening at high volumes.

Only connect headphones to the headphone outputs! Do not connect them to the speaker output of an amplifier.

Set the volume control of your audio source to a low level before you put on the headphones.

### **Risk in road traffic!**

Your headphones significantly dampen external noise. Therefore, for reasons of road safety, do not wear your headphones whilst driving vehicles or cycling.

If you are a pedestrian, pay attention to your surroundings while wearing the headphones, especially when crossing the street.

### **Risk of injury!**

Do not use your headphones in environments where there is a risk of explosion.

### **Risk of damage!**

Ensure that the headphones do not become wet, protect them from moisture, heat (e.g. during the summer in cars) and mechanical influences (e.g. severe shocks, pressure and falling).

Always take hold of the plug when pulling out the connector cord. Do not pull on the cable.

## Cleaning

---

Clean the ear cushions and the headband with a soft dry cloth. Never use aggressive cleaning agents as they may damage the sensitive surface.

## Handling

---

Put the headphones on so that both ears are firmly covered and the headphones are on the middle of the ear.

If necessary, adjust the headband length to your head size.

## Connecting with a 3.5 mm Jack Plug

---

Connect the 3.5 mm jack plug output of the headphones and the headphone jack of your audio system or your smartphone using the enclosed connector cord.

## Using REAL PURE

---

Push the button on the connector cord once to play music, to pause music, to accept a call, to abort an outgoing call or to end a call.

## Technical Data

---
